Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: We agreeed that the further defining the exterior of the head as sherical in shape would better place the application in condition for allowance pending a further search. We also discusses the advantages ov the instant application over the prior art in that the prior art requires much more force to work in the same way of the instant application making it impraticable. The force is so great that they must come pre-assmebled.
